

Mr. Plato K. T. Yip is the CEO of the Treelion Foundation promoting blockchain based fintech and green financing projects and the Vice Chairman of Elion International Investment Limited under Elion Resources Group, a conglomerate with a diverse portfolio spanning from ecological restoration, to clean energy and technology, investment banking, and asset management with total asset and revenue over USD 15BN and 5BN respectively. He has extensive working relationships with international organizations, governmental agencies, financial institutions and policy banks.

Mr. Yip is a seasoned investment professional working primarily in private equity, mergers and acquisitions, and managing companies in China. He has extensive domain expertise in strategic consulting and business development particularly in the space of clean energy, biotechnology, and environmental services.

Prior to joining Elion, he was the Founding Managing Director of P & S Investment Management (HK) Limited and Director of Environmental Investments for Olympus Capital. He has also served as a business strategist and advisor of the Cheung Kong Group, a Hong Kong based global business conglomerate. In these roles, he managed fund raising, executed M&A projects, held CEO positions, and provided strategic and management advice to portfolio companies.

Born in an Indonesian Chinese family, he has developed an inclusive vision and worked under a variety of culture, multiple languages, and diverse political and business environments. With an Asian orientation, he has studied and worked in Hong Kong, Taiwan, the US and China.
